Anthony's • AUTHENTIC ITALIAN CUISINE •

“Farm to table” is a way of life in the Old Country. In the villages of Italy a meal starts at the local butcher shop for the freshest meat, a stroll to the garden to pick the vegetables, and hopefully a stop at the local enoteca to grab a bottle of locally made wine. At Anthony’s Italian Restaurant we continue the tradition because “farm to table” offers the best quality for our customers. So, enjoy a little piece of Italy with every made to order meal at Anthony’s Italian Restaurant.
